What is GLUG?

GNU/Linux Users Group (GLUG) is a community of enthusiasts committed to advocating and promoting the use of GNU/Linux and Free and Open Source Software (FOSS) through collaborative learning, events, and community-driven activities.

PUDUVAI GLUG

Puduvai Glug is a community of tech enthusiasts in Puducherry dedicated to promoting Free and Open Source Software (FOSS) and the GNU/Linux ecosystem through regular workshops, sessions, and community-driven initiatives

Puduvai GLUG and FSHM

Working Together for FOSS and Free Hardware

Started as Puduvai Linux Users Group in 2011, we set out to be learn and practice the free & open source software in GNU/Linux ecosystem. It created a community of people who didn't want to stop with just FOSS, they went ahead with Free Software Hardware Movement Puducherry, which has in its aims

- Help bring critical consciousness among the masses on how technology exists, works and its impacts in government and society in areas of privacy, access to knowledge, policy implementation, surveillance and more.
- Help empower the masses to achieve economic sustenance using Free & Open Source technologies.
